**Trendspotting: National brands vs. private label in fresh departments**

**By**

**Craig Levitt**

**June 4, 2026**

---

# Trendspotting

*WITH CRAIG LEVITT*

It is no breaking news that the biggest differentiator a supermarket has is its fresh departments — especially produce. However, the way customers shop these categories, specifically how it relates to national brand and private label purchases, may be changing.

**USDA cites Florida company for PACA violations**

**June 4, 2026**

# PACCA

The U.S. Department of Agriculture has imposed sanctions on National Produce & Farm Products LLC. The company, operating from Florida, failed to make prompt payment to two produce sellers in the amount of \$152,035 for produce that it purchased, received and accepted in interstate and foreign commerce from January 2024 to April 2024, in violation of the Perishable Agricultural Commodities Act.

### **AFE invests in research for the future of Northeast horticulture**

**June 4, 2026**

Supporting meaningful horticulture research and education has long been a priority for growers throughout New Hampshire and the Northeast. The newly established New Hampshire Horticulture Research Fund brings that shared commitment together in partnership with the American Floral Endowment, creating a long-term resource dedicated to advancing research, innovation and

---

education that directly benefits the region's horticulture industry.

**PRO\*ACT Crop Update: Romaine calm, lettuce rebound**

**June 3, 2026**

[Romaine and Romaine hearts remain the main focus this week](#) as supplies continue to tighten across the Salinas Valley. Markets have moved higher over the past two weeks and are expected to remain elevated into mid-June, at minimum. Disease pressure, uneven stands and recent weather interruptions are all reducing harvestable yields and keeping availability limited.
