PhilaPort investing for future growth as nation's leading perishables gateway

By

John Groh

July 2, 2026

As global supply chains continue to evolve and fresh produce imports increase, PhilaPort is moving forward with an ambitious series of infrastructure, technology and sustainability investments designed to reinforce its position as the nation's premier gateway for perishable cargo.

The port's ongoing transformation is guided by its Destination 2040 strategic plan, which has already delivered significant milestones while laying the groundwork for future growth.

Sunrise Produce expands with Family Tree acquisition

July 2, 2026

Sunrise Produce, a leading wholesale produce distribution company based in Southern California, has acquired Family Tree Produce. This strategic acquisition allows further expansion of Sunrise's local footprint in Anaheim, CA, to become one of the leading produce distributors in Southern

California.

The transaction expands Sunrise's sourcing and distribution capabilities while building on the strengths that have made both companies trusted partners to wholesale customers throughout the region.

PRO*ACT Crop Update: Lettuce improves, tougher berries and potatoes

July 1, 2026

[Lettuce markets continue to trend lower as supplies improve](#) across California and regional production ramps up. Iceberg, Romaine and green leaf should remain under pressure through July. Quality is very good overall, but carton weights are running lighter as crews trim additional outer leaves to manage elevated insect pressure.
