Campos Borquez driving healthy growth with new partnerships

April 7, 2021

[Campos Borquez](#), a supplier of organic, regenerative super-foods, announced new partnerships with like-minded brands Suja Juice and Evolution Fresh.

Building off of Campos Borquez's commitment to work hand-in-hand with organizations that operate under social responsibility and organic certifications, these partner relationships further strengthen the company's core brand values.

"The new channels of business with Suja Juice and Evolution Fresh will not only strengthen our long-term goals and growth but, more importantly, they further fortify our company's mission to provide

Meaningful Produce and encapsulates the purpose that goes into our products, partners, and people,” said Campos Borquez Executive Vice President Sergio Borquez.

“By strategically aligning with brands who promote and support a healthy lifestyle, we are able to further amplify the message, availability, and distribution of fair trade, organic and sustainable fruits and vegetables,” said Borquez.

Campos Borquez regenerative broccoli and celery are now available in select Suja Juice and Evolution Fresh products and can be purchased directly from the brand's website and national retailers.
