Back in the 1950s, mushroom displays in the produce department consisted of only one or two rows of white mushrooms in a thick paper container. The choice for consumers in those days was one size will have to suit all, but the mushroom future changed when organizations emerged for the purpose of educating consumers and promoting mushrooms.

**Freshwave expands citrus program through global sourcing strategy**

**By**

**Keith Loria**

**June 19, 2026**

As consumers continue expecting citrus on store shelves every week of the year, The Freshwave Fruit & Produce and Consalo Family Farms are expanding its global sourcing efforts to deliver a consistent supply while navigating an increasingly unpredictable production environment.

For the Vineland, NJ-based company, citrus has become a critical component of its year-round business, complementing domestic produce programs and helping retail partners maintain continuity when U.S. production is limited.
