## **Floral industry shines at UNFI Conventional Expo**

By

Richard Lutes

July 26, 2022

After a two-year hiatus as an in-person event, due to the pandemic lockdown, United Natural Foods Inc. held its annual Conventional Expo July 19-21 in Minneapolis, MN. The show connected nearly 2,700 retail customers with UNFI's large network of suppliers and helped the independents to prepare for the upcoming holiday and spring selling seasons.

There were approximately 700 suppliers covering more than 200,000 square feet of exhibit space and the new product showcase introduced 270 new products and 250 sustainable and healthy planet items.
