NEPC announces new venue for 2023 expo this summer

February 2, 2023

The [New England Produce Council](#) is inviting the industry to a new venue, Encore Boston Harbor in Everett, MA, for its 23rd NEPC Produce, Floral & Food Service Expo, scheduled to take place Aug. 21-22.

The Encore Boston Harbor is a destination venue that will host both the expo exhibits and overnight guest rooms.

A luxury waterfront resort accessible by land and sea, Encore Boston Harbor is conveniently located just minutes from Logan International Airport; Boston's famed Back Bay, Seaport, North End, financial and theater districts; and Cambridge's Harvard University and M.I.T.

All the wonders of the area surround Encore Boston Harbor. Encore Boston Harbor invites relaxation, fun and excitement at every turn. From lavishly appointed rooms and extraordinary restaurants for casual and fine dining to thrilling games, inventive spa treatments and chic shopping, every demand is anticipated and every need is met with impeccable service, according to the council.

Similar to last year's expo, space is limited and early registration is highly recommended to secure booth space. The exhibits will include 8-foot by 8-foot booths inside a luxurious ballroom setting. Hosting this event during the month of August will enhance the destination feel and showcase summertime in historic Boston.

"We promise you and your team an event that will provide you with new marketing ideas and networking opportunities," said NEPC President Tom Murray, vice president of produce and floral at Roche Bros. "We look forward to seeing you in Boston this summer."

More details will be coming soon regarding program schedule. Please contact NEPC Executive Director Laura Sullivan by phone (781/273-0444) or email (nepc2@rcn.com) with any questions.
