Science-based strategies for preventing Cyclospora

July 21, 2026

Hundreds of produce industry professionals from across the supply chain participated in a public webinar hosted this week by the California and Arizona Leafy Greens Marketing Agreement to learn what is currently known — and what remains unknown — about Cyclospora and the steps growers,

shippers and buyers can take to reduce risk.

During the webinar, food safety expert Jennifer McEntire, founder of Food Safety Strategies and former chief food safety and regulatory officer for the International Fresh Produce Association, emphasized three key messages:
