PRO*ACT Crop Update: Lettuce improves, tougher berries and potatoes

July 1, 2026

[Lettuce markets continue to trend lower as supplies improve](#) across California and regional production ramps up. Iceberg, Romaine and green leaf should remain under pressure through July. Quality is very good overall, but carton weights are running lighter as crews trim additional outer leaves to manage elevated insect pressure.

NEPC Leadership Class volunteers at Boston Area Gleaners

July 1, 2026

The New England Produce Council Leadership Class recently visited Stonefield Farm to volunteer with Boston Area Gleaners as part of its community service project.

The group was welcomed by Anna Strickhausen, operations coordinator, who led the volunteers through a morning of weeding leek beds while providing insight into the important work involved in growing and harvesting fresh produce. The hands-on experience gave participants a deeper appreciation for the dedication required to bring fresh food from the farm to communities throughout the region.

Greenyard USA/Seald Sweet names new CEO

July 1, 2026

Greenyard USA/Seald Sweet announced that Andrea Montagna will become CEO of Greenyard USA/Seald Sweet, effective July 1. Montagna joined Mayda Sotomayor as co-CEO in July 2025.

Sotomayor will step back from her executive responsibilities and continue her involvement with the company as a board member of Greenyard USA/Seald Sweet and advisor to the business.

The transition reflects Greenyard's commitment to continuity and it's future ambitions in the U.S., building on the strong foundation established by Greenyard USA/Seald Sweet over many decades.
